

Personalize your hearing experience.

Taking the kids to school in the morning, meeting friends during your lunch break and watching TV in the evening; everyday is full of different conversations and listening situations. With Signia hearing aids and accessories you can stream sound directly to your ears, discreetly adjust your hearing aids or easily recharge them. Personalize your hearing experience and hear what matters to you.

StreamLine TV.

Direct streaming in Dolby Digital sound quality.

StreamLine TV feeds audio from your television directly into your hearing aids in Dolby Digital quality. It offers intuitive, fully automatic handling for a state-of-the-art wireless listening experience.

Equipped with Bluetooth

Styletto X Charger.

Three times smaller and half the weight of comparable chargers, it's the only one you can fit in your pocket to carry with you all day. Thanks to its charger, Styletto Connect delivers an astounding four days¹ of user autonomy, free from plugs or cables - perfect for a relaxing weekend getaway or an important business trip.

The pocket-sized portable charging case is the world's first hearing aid charger with Qi wireless technology, enabling you to simply place the charger on a charging pad instead of having to plug it into an electrical outlet. Styletto X is fully charged in just 4 hours. Plus, a 30-minute fast charge provides an additional 5 hours of use for complete flexibility on the move.

¹ Based on 16 hours wearing per day

StreamLine Mic.

Hands-free phone calls, music and more in premium stereo quality.

The StreamLine Mic transforms your Signia devices into more than state-of-the-art hearing aids. They also become a hands-free mobile headset and wireless headphones that stream premium stereo quality from any Bluetooth device - mobile phones, PCs, laptops, and smart assistants like Alexa, Siri and Google Assistant.

Equipped with Bluetooth

Inductive Charger II.

Smart looking, smart charging.

The inductive charger recharges hearing aids so you don't need to worry about handling batteries. A fast charging option, a drying function via inductive charging, and intuitive left and right LEDs for status information complete this next generation charger. The new charger is compatible with all hearing aids fitted with lithium-ion batteries.

miniPocket.

Discreet control in the palm of your hand.

The ideal solution for anyone who wants discreet, convenient control of their hearing aids without the need for a large remote control or smartphone. Reliable and easy to use, the miniPocket™ is small enough to carry on a key ring yet powerful enough to control all essential features.

1. Loudspeaker
2. LED signal indicator
3. Volume buttons
4. Key lock
5. Program change button
6. On rear side: Battery compartment
7. On rear side: Opening for key ring

Smart Dryer Li-ion.

A 3-in-1 device that charges, dehumidifies, and cleans.

The Smart Dryer accessory contains a microprocessor for optimal temperature and airflow control. The dehumidification process begins as soon as you place at least one hearing aid and the lid is closed. Opening the lid automatically turns off the dehumidifying process.

The Smart Dryer accessory is only compatible with the Inductive Charger I² and Inductive Charger E³.

² Compatible with Charge & Go Nx devices

³ Compatible with Charge&Go 2X and 1X devices

Signia app.

You're in control.

Enjoy your hearing aids to the fullest with just one app for everything you need like instant sound adjustments, handling questions, and Signia TeleCare for remote support.

Signia Assistant⁴ is your very own hearing companion that lives within the Signia app. Using artificial intelligence, Signia Assistant offers immediate support whenever and wherever you need it. It is available 24/7 to help you adjust the sound settings, answer your questions about how to handle your hearing aids, and troubleshoot any issues on the spot.

Signia TeleCare enables you to keep in touch with your hearing care professional so you get support when you need it - even when you cannot visit them in person. You can also send instant feedback on your daily satisfaction with your hearing aids.

Compatible with Android and iOS. The app are free of charge.

⁴ Only compatible with Bluetooth-enabled Xperience devices
